

## Reading: Journey into space

1. Read the text on page 65 in your book.
2. Look for the unknown word in the dictionary.
3. Do the exercise T/F. Remember to correct the FALSE sentences.
4. Write the names of the planets from the closest to the Sun to the furthest from the Sun in English, of course. (in your book). The title is **JOURNEY INTO SPACE**.

**PLANETS IN OUR SOLAR SYSTEM** (planets, moons, asteroids, comets and other rocks and gas that orbit the Sun)

5. Translate the sentences.

Space Station obkroži Zemljo 15 krat.

Astronavti preživijo na postaji pol leta.

V vesolju ni gravitacije, zato je težko opravljati vsakodnevne rutine.

Lebdeti =

Čudovit razgled =

Zemljina površina =

Znanstvene raziskave =

6. Če te vesolje zanima si poglej kratek filmček o planetih našega osončja:

<https://www.youtube.com/watch?v=libKVRa01L8>

ali dokumentarec (1:30h) o nastanku vesolja:

<https://www.youtube.com/watch?v=5vOU6-1yNZs>

REŠITVE:

### UČB, STR.65

1. F The ISS isn't the first space station.
2. T
3. T
4. T
5. T
6. T
7. F There are no fridges in space.
8. T

### PLANETS

Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, and Neptune.

An easy mnemonic for remembering the order is (začetnice besed, da si lažje zapomniš vrstni red):

“My Very Excellent Mother Just Served Us Noodles.”

### TRANSLATIONS

1. The International Space Station goes around the Earth fifteen times.
2. The astronauts spend six months on the station.
3. There is no gravity in space, so it is difficult to do daily routines.
4. to float
5. an amazing view
6. the Earth's surface
7. scientific research
