Upam, da je bila predstavitev v petek razumljiva. Žal sem dobila slike prepisa snovi samo od 11 učencev.

Danes bomo snov utrdili, v četrtek pa nadaljujemo s preteklikom pravih in nepravilnih glagolov. Dobro sledite, ker je to ZELO pomembna snov. Če karkoli ne bo jasno, takoj vprašajte.
